

NHERI GSC General Meeting Minutes — January 17, 2023

Hello all,

We hope you've had a wonderful holiday break. Today we had our first General Meeting of the year. Dr. Ian Robertson, Chair of the NHERI Science Plan and Professor at University of Hawai'i Mānoa, was kind enough to speak to us about the third edition of the NHERI Science Plan. According to the [NHERI Science Plan website](#), the plan "serves as a roadmap to guide future research and help ensure that researchers in related disciplines work together to achieve common research goals — all aimed at keeping the civil infrastructure, and its human inhabitants, safe."

Announcements

- *NHERI Summer Institute Virtual Information Session*
